SUBJECT: FIFA LAWS OF THE GAME – USE OF TAPE ON STOCKINGS (SOCKS)

To All Clubs

Federation Internationale de Football Association (FIFA) has amended Law 4 – The Players' Equipment for 2013 onwards.

The amendment relates to the application of tape and or similar material to the players' socks and is as follows:

- *stockings – if tape or similar material is applied externally it must be the same colour as that part of the stocking it is applied to*

Match Officials are obligated under the FIFA Laws of the Game to enforce the above Law. If the Law is not adhered to, the Match Official will:

- not allow the offending player to take the field of play; or
- remove the player from the field of play until the tape is removed or replaced to the satisfaction of the Match Official

Please ensure that all players, team managers, coaches and other relevant parties are informed of the amended Law.

Best of luck for the 2013 season.

Kind regards
